- My resume
- How a resume is processed?
- Basics of a resume
- Linkedin profile building
- Github
- Other online platforms to showcase

- My first resume (July 2021)
- After 3 months (Oct 2021)
- After ~5 months (Mar 2022)
- Sep 2022
- 16 June 2023
- Current

How is a resume processed?

- **Small startups - manual review** ✓
- **Big companies - ATS (Automatic Resume Parser)**
- **Job description matching**
 - Keywords
 - Experience

- **Order matters**
- **Use points wherever possible**
- **Format should be PDF, filename should be your full name**
- **Avoid colorful resumes**

- **Content**

- **Don't add anything non-technical like hobbies, achievements other than tech** }

- **Don't give home address, just mention city**

- **As many contacts as possible**

- **Don't add picture ✓**

- **Every link should be clickable**

- **Things to strictly avoid**

- **Microsoft excel/word tools** ↙

- **Subject as a skill- Physics maths etc.** ↙

- **Certificates to workshops / participation certificates / non-tech certificates**

- **Code editor names** ↙ *vs Idea*

Android

- **Projects / work exp**
 - **Chronological order (Top - newest)**
 - **Mention dates**
 - **Add deployment links / Repo links**
 - **Tech stack**
 - **Use bold wherever necessary**
- **Skills**
 - **Divide the skills into sections**

- **Tools for resume building**
 - **Less content**
 - Google docs
 - **More content**
 - Novoresume For template
 - Hackerrank resume builder
 - Overleaf for editing pdf

- **Why?**
- **Referrals**
- **What content to post?**

How to ask for a referral?

Rohan Sharma 12:32 PM

Hi Sir,
I hope this message finds you well.

A bit about myself, I'm Rohan Sharma (2023 B.Tech. passout) working part time as DSA Instructor at Testbook with rating above 4.5+

I'm seeking referrals in the following Job Reqs. in Adobe.

R138791
R137126
R138768
R138261
R138629

A little more about me-

> I am top 5% (Knight) on leetcode with 900+ problems solved, codeforces 500+, 4* codechef, 5* Hackerrank.

> Have mentored over 1000+ students across India in their DSA journey working with Pepcoding, Acciojobs and Testbook.

> I have started a youtube channel where I provide lectures on advanced DSA concepts like dynamic programming.

<https://youtube.com/@rohanfizz>

Hoping to get a reply soon,

Thanks for your time,
Regards,
Rohan Sharma
